AUTOPSY PERFORMED.

It Showed That Mrs. Politzer was Killed by a Knife Wound.

STRUCK ON THE HEAD

William H. Young is the Alleged Slayer—He is the Grandson of Brigham Young, the Mormon Leader—Police Searching.

New York, Sept. 20.—An autopsy performed on the body of Mrs. Joseph Politzer, who was mysteriously murdered in a Fifty-Eighth street flat, and whose body was found in the Morris canal, showed that her death was caused primarily by a knife wound in the abdomen, and not by chloral. Several blows were struck on her head before death, but the skull was not fractured, and there were no signs of cerebral hemorrhage.

A police dragnet has been thrown out for William Hooper Young, grandson of the great Mormon leader, Brigham Young, who is suspected of the killing.

Among the books found in Young's room in the Fifty-Eighth street flat was the cover of a small memorandum, on the front of which was stamped in gilt letters, "Practical reference." On the inside were a number of notes headed, "Blood atonement" and followed by Biblical references, including an excerpt from the book of Corinthians, reading:

"To deliver such an one unto Satan for the destruction of the flesh, that the spirit may be saved in the day of the Lord Jesus."

It now develops that when Young's father sailed for France on July 1, two of the sons went back to Utah. Hooper did not make his home with his father but he roomed in the vicinity. Recently he called upon the superintendent of the building and demanded the keys, which were given him.

The apartment originally consisted of three suites. These were thrown into one for the use of the family, but upon their going abroad one of them was cut off and was turned over, rent free, to four missionaries who were proselyting in New York. They have been living there ever since and were asleep when the supposed murder was committed. Their names are Clarence Snow, Lawrence Taylor, J. L. Woods and John R. Porter.

THE TRUNK LOCATED.

The One to Whom It Was Sent Has Failed to Call for It.

Chicago, Sept. 20.—The trunk addressed to C. S. Ewing, Chicago, shipped from New York, at 9:10 p. m., Thursday, is awaiting a claimant here at the office of the Wells-Fargo Express company. According to the shipping bill, the consignor was "C. S. Ewing, northwest corner of Fifty-Second street and Tenth avenue, New York."

There is no one of that name in the Chicago directory. Prior to the locating of the trunk at the Polk street station, Lieutenant Andrew Rohan of the Chicago detective bureau had been notified to keep on the look-out for its appearance and to arrest any one who came to claim it. Lieutenant Rohan said the publicity given to the case would probably drive Young away.

He will communicate with New York officials before confiscating the trunk.

Interview was obtained with three of the Mormon elders who are now occupying part of the apartment used by Young. They are Clarence Snow, Lawrence Taylor and J. L. Woods. They are all young men, and gave evidences of having passed a restless night. Taylor acted as spokesman for the party and said:

"The enemies of the Mormon church accuse its members of practicing blood atonement. There is nothing in it, and the crime could not have been committed through any ideas of Mormonism that this young man may have possessed. He was outside of our church, and we wanted nothing to do with him."

SAWS IN PIPESTEMS.

Knoxville, Tenn., Sept. 20.—The box intended for Harvey Logan, the alleged Montana train robber in jail here, was intercepted by the sheriff. It was brought to the jail by E. J. Harrison, who claimed it had reached him in the mails. The box contained several packages of tobacco and six cob pipes with stems. Over the mouths of the pipes were seals. These were broken by the sheriff, who found a steel saw 22 inches long in the bowl of each pipe. It is believed they were sent to Harrison by some of Logan's friends elsewhere. Harrison was arrested and jailed, but he stoutly denies any complicity in attempting to secure Logan's escape. Logan boarded at Harrison's restaurant before he was arrested.

A TERRIBLE STAMPEDE

Negroes Took the Word "Fight" for "Fire" in a Church.

ABOUT EIGHTY DEAD.

Two Men Had a Fight During the Address of Booker Washington and Some One Yelled "Fire"

Birmingham, Ala., Sept. 20.—In an awful crush of humanity caused by a stampede in the Shiloh Negro Baptist church at Avenue G. and Nineteenth street Friday night 78 persons were killed and about 80 seriously injured. The calamity occurred at 9 o'clock just as Booker T. Washington had concluded his address to the National convention of Baptists and for three hours the scenes around the church were indescribable. Dead bodies were strewn in every direction and the ambulance service of the city was utterly incapacitated to move them after 1 a. m.

The injured were looked after and a dozen of dead bodies were arranged in rows on the ground outside the house of worship waiting removal to the various undertaking establishments while more than a score were laid out on benches inside.

The church is the largest house of worship for negroes in Birmingham and the pastor says there were at least 2000 persons in the edifice when the stampede began. Instructions had been issued to allow no one else to enter, but the negroes forced their way inside the building and were standing in every aisle, the entrance was literally packed.

Just as Booker Washington concluded his address Judge Billou, a negro lawyer from Baltimore, engaged in an altercation with the choir leader concerning an unoccupied seat and it is said a blow was struck. Some one in the choir cried "They're fighting." Mistaking the word "fighting" for "fire" the congregation arose en masse and started for the door. One of the ministers quickly mounted the rostrum and admonished the people to keep quiet. He repeated the word "quiet" several times and motioned to his hearers to be seated. Again the excited congregation mistook "quiet" for "fire" and rushed pell mell for the door. Men and women crawled over benches, fought their way into the aisles and those who had fallen were trampled on like cattle. The ministers tried again to stop the stampede, but no power on earth could stay the struggling, fighting mass of humanity. The screams of women and children added to the horror of the scene and through mere fright many persons fainted and as they fell to the floor were crushed to death.

The level of the floor is about fifteen feet from the ground and long steps lead to the sidewalk from the lobby just outside the main auditorium. Brick walls extend on each side of these steps for six or seven feet, and this proved a veritable death trap. Negroes who had reached the top of the steps were pushed violently forward and many fell. Before they could move others fell upon them and in fifteen minutes persons were piled upon each other to a height of ten feet. This wall of struggling mass of humanity blocked the entrance, and the weight of 1500 persons was pushed against it. More than twenty persons lying on the steps underneath the heap of bodies died from suffocation.

Two white men who were in the rear of the church when the rush began escaped and realizing the seriousness of the situation rushed to a corner near by and turned in a fire alarm. The department came quickly, and the arrival of the wagons served to scatter the crowd which had gathered around the front of the church. A squad of police was also hastened to the church, and with the firemen succeeded in releasing the negroes from the pinioned positions in the entrance. The dead bodies were quickly moved and the crowd inside finding an outlet came pouring out. Scores of them lost their footing and rolled down the long steps to the pavement, sustaining broken limbs and internal injuries. In an hour the church had been practically cleared and the sight which greeted the eyes of those who had come to aid the injured was sickening. Down the aisles and along the outside of the pews the dead bodies of men and women were strewn and the cries of the maimed and crippled was heartrending. In a few minutes the work of removing the bodies was begun, and the walls of the relatives of the dead who had waited on the outside could be heard for several blocks.

The Shiloh church is located just in the edge of the South Highlands, the fashionable residence section of this city, and all the physicians living in that part of town went to the assistance of the injured. As many of the suffering negroes as could be moved by the ambulances were taken to the hospitals and the rest were laid out on the ground, and there the physicians attended them. At least fifteen of those brought out injured died before they could be moved from the ground.

Most of the dead are women, and the physicians say in many cases they fainted and died from suffocation. A remarkable feature of the calamity is that no blood was seen on any of the victims. They were either crushed or died from suffocation.

Reed Sees No Reason.

Washington, Sept. 20.—Ex-Speaker Thos. B. Reed, in an interview here on the withdrawal from congress of Speaker Henderson of Iowa, said he saw no reason why General Henderson's statement of the reason for his withdrawal should not be accepted as correct without searching for an ulterior reason.

The ex-speaker said: "I do not see why when a man in the present political world assigns a reason for sudden action on his part, if it be precipitate he cannot be believed."

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

BELGIUM'S QUEEN DEAD.

She Had Been Sick for Three Years With a Malady of the Heart.

Spa, Belgium, Sept. 20.—Marie Henrietta, queen of the Belgians, died here suddenly Friday night at ten minutes before 8 o'clock. Neither her husband, members of her family, nor her majesty's doctors were present at the time of her death. She was seated at a table eating a light dinner when she was seized with an attack of syncope. Dr. Guillaume, who, in the course of the day, had remarked upon certain disquieting symptoms in the queen's condition, was summoned immediately but her majesty was dead before he arrived.

Two members of her suite were with the queen during her last moments. As soon as the news of the queen's death became known a large crowd gathered outside the palace.

King Leopold had left Bagneres-DeLuchon, France, for Spa and other members of the royal family have been telegraphed for.

Queen Marie Henrietta was a daughter of the late Archduke Joseph of Austria. She was born August 23, 1836, and was married August 22, 1853, to Prince Leopold of Belgium, son of King Leopold I., and who ascended the throne at the death of his father as Leopold II., Dec. 10, 1865.

The queen was noted for her piety and charity and, in recognition of her devotion to the church the pope sent her about nine years ago, a notable token of his high esteem in the form of a golden cross of virtue.

She was also a noted and brilliant horsewoman.

The queen had been ill for about three years past of a malady of the heart and in recent months her condition had been so serious that but little hope of her recovery was entertained.

In addition to this, he sustained other painful bruises which will contribute to laying him up for a long while. He was brought to the hospital at Temple.

New York, Sept. 20.—Chas. F. Murphy was elected leader of Tammany Hall at the meeting of the executive committee which was attended by all the members with the exception of August Moebus, of the 34th. assembly district.

On application to change for the place for holding the convention of the 9th district, Frank Goodwin demanded that the matter be laid on the table and protested against William S. Tragedy at Waco.

Waco, Tex., Sept. 20.—Two shot at an interval of about a minute attracted police officers to the establishment of J. N. Thomas & Co., packers and freighters, on Franklin street. Inside the office William Thomas, brother of the senior member of the firm, was found lying on the floor with two bullets through his head. By the side of the dying man was a Remington revolver of large caliber. One bullet entered the forehead and passed out at the back of the head. The other entered near the right ear. An inquest is in progress. One witness says just after the second shot a man ran out of the front door. It is quite mysterious.

AUTOPSY PERFORMED.

It Showed That Mrs. Politzer was Killed by a Knife Wound.

STRUCK ON THE HEAD

William H. Young is the Alleged Slayer—He is the Grandson of Brigham Young, the Mormon Leader—Police Searching.

New York, Sept. 20.—An autopsy performed on the body of Mrs. Joseph Politzer, who was mysteriously murdered in a Fifty-Eighth street flat, and whose body was found in the Morris canal, showed that her death was caused primarily by a knife wound in the abdomen, and not by chloral. Several blows were struck on her head before death, but the skull was not fractured, and there were no signs of cerebral hemorrhage.

A police dragnet has been thrown out for William Hooper Young, grandson of the great Mormon leader, Brigham Young, who is suspected of the killing.

Among the books found in Young's room in the Fifty-Eighth street flat was the cover of a small memorandum, on the front of which was stamped in gilt letters, "Practical reference." On the inside were a number of notes headed, "Blood atonement" and followed by Biblical references, including an excerpt from the book of Corinthians, reading:

"To deliver such an one unto Satan for the destruction of the flesh, that the spirit may be saved in the day of the Lord Jesus."

It now develops that when Young's father sailed for France on July 1, two of the sons went back to Utah. Hooper did not make his home with his father but he roomed in the vicinity. Recently he called upon the superintendent of the building and demanded the keys, which were given him.

The apartment originally consisted of three suites. These were then taken over by the son of the family, but upon their going abroad one of them was cut off and was turned over, rent free, to four missionaries who were proselyting in New York. They have been living there ever since and were asleep when the supposed murder was committed. Their names are Clarence Snow, Lawrence Taylor, J. L. Woods and John R. Porter.

THE TRUNK LOCATED.

The One to Whom It Was Sent Has Failed to Call for It.

Chicago, Sept. 20.—The trunk addressed to C. S. Ewing, Chicago, shipped from New York, at 9:10 p. m., Thursday, is awaiting a claimant here at the office of the Wells-Fargo Express company. According to the shipping bill, the consignor was "C. S. Ewing, northwest corner of Fifty-Second street and Tenth avenue, New York."

There is no one of that name in the Chicago directory. Prior to the locating of the trunk at the Polk street station, Lieutenant Andrew Rohan of the Chicago detective bureau had been notified to keep on the look-out for its appearance and to arrest any one who came to claim it. Lieutenant Rohan said the publicity given to the case would probably drive Young away.

He will communicate with New York officials before confiscating the trunk. Interview was obtained with three of the Mormon elders who are now occupying part of the apartment used by Young. They are Clarence Snow, Lawrence Taylor and J. L. Woods. They are all young men, and gave evidences of having passed a restless night. Taylor acted as spokesman for the party and said:

"The enemies of the Mormon church accuse its members of practicing blood atonement. There is nothing in it, and the crime could not have been committed through any ideas of Mormonism that this young man may have possessed. He was outside of our church, and we wanted nothing to do with him."

SAWS IN PIPESTEMS.

Knoxville, Tenn., Sept. 20.—The box intended for Harvey Logan, the alleged Montana train robber in jail here, was intercepted by the sheriff. It was brought to the jail by E. J. Harrison, who claimed it had reached him in the mails. The box contained several packages of tobacco and six cob pipes with stems. Over the mouths of the pipes were seals. These were broken by the sheriff, who found a steel saw 23 inches long in the bowl of each pipe. It is believed they were sent to Harrison by some of Logan's friends elsewhere. Harrison was arrested and jailed, but he stoutly denies any complicity in attempting to secure Logan's escape. Logan boarded at Harrison's restaurant before he was arrested.

A TERRIBLE STAMPEDE

Negroes Took the Word "Fight" for "Fire" in a Church.

ABOUT EIGHTY DEAD.

Two Men Had a Fight During the Address of Booker Washington and Some One Yelled "Fire"

Birmingham, Ala., Sept. 20.—In an awful crush of humanity caused by a stampede in the Shiloh Negro Baptist church at Avenue G. and Nineteenth street Friday night 78 persons were killed and about 80 seriously injured. The calamity occurred at 9 o'clock just as Booker T. Washington had concluded his address to the National convention of Baptists and for three hours the scenes around the church were indescribable. Dead bodies were strewn in every direction and the ambulance service of the city was utterly incapacitated to move them after 1 a. m.

The injured were looked after and a dozen of dead bodies were arranged in rows on the ground outside the house of worship waiting removal to the various undertaking establishments while more than a score were laid out on benches inside.

The church is the largest house of worship for negroes in Birmingham and the pastor says there were at least 2000 persons in the edifice when the stampede began. Instructions had been issued to allow no one else to enter, but the negroes forced their way inside the building and were standing in every aisle, the entrance was literally packed.

Just as Booker Washington concluded his address Judge Billou, a negro lawyer from Baltimore, engaged in an altercation with the choir leader concerning an unoccupied seat and it is said a blow was struck. Some one in the choir cried "They're fighting." Mistaking the word "fighting" for "fire" the congregation arose en masse and started for the door. One of the ministers quickly mounted the rostrum and admonished the people to keep quiet. He repeated the word "quiet" several times and motioned to his brethren to be seated. Again the excited congregation mistook "quiet" for "fire" and rushed pell mell for the door. Men and women crawled over benches, fought their way into the aisles and those who had fallen were trampled on like cattle. The ministers tried again to stop the stampede, but no power on earth could stay the struggling, fighting mass of humanity. The screams of women and children added to the horror of the scene and through mere fright many persons fainted and as they fell to the floor were crushed to death.

The level of the floor is about fifteen feet from the ground and long steps lead to the sidewalk from the lobby just outside the main auditorium. Brick walls extend on each side of these steps for six or seven feet, and this proved a veritable death trap. Negroes who had reached the top of the steps were pushed violently forward and many fell. Before they could move others fell upon them and in fifteen minutes persons were piled upon each other to a height of ten feet. This wall of struggling mass of humanity blocked the entrance, and the weight of 1500 persons was pushed against it. More than twenty persons lying on the steps underneath the heap of bodies died from suffocation.

Two white men who were in the rear of the church when the rush began escaped and realizing the seriousness of the situation rushed to a corner near by and turned in a fire alarm. The department came quickly, and the arrival of the wagons served to scatter the crowd which had gathered around the front of the church. A squad of police was also hastened to the church, and with the firemen succeeded in releasing the negroes from the pinioned positions in the entrance. The dead bodies were quickly moved and the crowd inside finding an outlet came pouring out. Scores of them lost their footing and rolled down the long steps to the pavement, sustaining broken limbs and internal injuries. In an hour the church had been practically cleared and the sight which greeted the eyes of those who had come to aid the injured was sickening. Down the aisles and along the outside of the pews the dead bodies of men and women were strewn and the cries of the maimed and crippled was heartrending. In a few minutes the work of removing the bodies was begun, and the walls of the relatives of the dead who had waited on the outside could be heard for several blocks.

The Shiloh church is located just in the edge of the South Highlands, the fashionable residence section of this city, and all the physicians living in that part of town went to the assistance of the injured. As many of the suffering negroes as could be moved by the ambulances were taken to the hospitals and the rest were laid out on the ground, and there the physicians attended them. At least fifteen of those brought out injured died before they could be moved from the ground.

Most of the dead are women, and the physicians say in many cases they fainted and died from suffocation. A remarkable feature of the calamity is that no blood was seen on any of the victims. They were either crushed or died from suffocation.

Read See No Reason.

Washington, Sept. 20.—Ex-Speaker Thos. B. Reed, in an interview here on the withdrawal from congress of Speaker Henderson of Iowa, said he saw no reason why General Henderson's statement of the reason for his withdrawal should not be accepted as correct without searching for an ulterior reason.

The ex-speaker said: "I do not see why when a man in the present political world assigns a reason for sudden action on his part, if it be precipitate he cannot be believed."

Bryan is getting more cotton and
selling more goods than any town
in this section of the state. Our
merchants have the goods and they
make the prices that do the busi-
ness.

Roosevelt has been accused of
snubbing about every greater man
than himself he has come in con-
tact with since his elevation to the
presidency, the latest being Speak-
er Henderson.

Time should be called for another
round of that scrap between Col.
Waterson and the "400." The
last swipe the Colonel made at
them left the air full delapidated
moneystocracy.

Mistaking the cry of "fight" for
"fire," seventy-eight negroes were
crushed to death in a stampede at a
negro church in Birmingham, Ala.,
where a Baptist association was in
progress. The trouble was all
caused by a row in the choir.

Admiral Schley, having been
invited by Mayor Harrison and
President Saunders of the Bryan
Business league to visit this city
and attend the Central Texas fair,
writes expressing the thanks of
himself and wife and their regrets
that their itinerary in Texas has
been arranged and they will be in
Dallas at that time.

went quickly to their relief and soon
extricated the dead and wounded. The
freight engine was not damaged. The
engineer can not be found, and it is

CARPENTERS AND JOINERS

They Pass a Resolution in Regard to the
Foreign Trade Unions.

Atlanta, Sept. 20.—The United

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

Heptol Splits

are for.

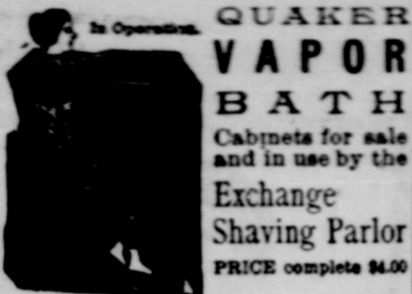

DELICIOUSLY PALATABLE.

GENTLE IN ACTION.

GRATIFYING IN RESULTS.

Heptol Splits meets the approval of all. Everyone should take Heptol Splits. Don't you be the last to try it. Sold at drug stores, soda fountains, cafes and bars at 15c a Split. Manufactured by the Morrison Drug Co., Waco, Texas.

BELGIUM'S QUEEN DEAD.

She Had Been Sick for Three Years With a Malady of the Heart.

Spa, Belgium, Sept. 20.—Marie Henrietta, queen of the Belgians, died here suddenly Friday night at ten minutes before 8 o'clock. Neither her husband, members of her family, nor her majesty's doctors were present at the time of her death. She was seated at a table eating a light dinner when she was seized with an attack of syncope. Dr. Guillaume, who, in the course of the day, had remarked upon certain disquieting symptoms in the queen's condition, was summoned immediately but her majesty was dead before he arrived.

Two members of her suite were with the queen during her last moments. As soon as the news of the queen's death became known a large crowd gathered outside the palace.

King Leopold had left Bagneres-DeLuchon, France, for Spa and other members of the royal family have been telegraphed for.

Queen Marie Henrietta was a daughter of the late Archduke Joseph of Austria. She was born August 23, 1836, and was married August 22, 1853, to Prince Leopold of Belgium, son of King Leopold I, and who ascended the throne at the death of his father as Leopold II, Dec. 10, 1835.

The queen was noted for her piety and charity and, in recognition of her devotion to the church the pope sent her about nine years ago, a notable token of his high esteem in the form of a golden cross of virtue.

She was also a noted and brilliant horsewoman.

The queen had been ill for about three years past of a malady of the heart and in recent months her condition had been so serious that but little hope of her recovery was entertained.
